HIGH LIGHT TRANSMISSION

Coverlite® sheet offers a high degree of light transmittance while blocking harmful ultra violet rays. In its structured sheet form, Coverlite® also offers excellent thermal insulation properties.

VIRTUALLY UNBREAKABLE

Coverlite® is economical and light in weight, yet is 10 times stronger than acrylic and 200 times stronger than glass!

EASILY FABRICATED ON SITE

Highly flexible, a Coverlite® sheet can be easily cold formed and will not crack or splinter when fabricated.

ANTI-DRIP/ANTI-FOG COATING

This high tech discovery ensures that greenhouse condensation is carried away from the roofing so that droplets will not damage your nursery stock. Call for more information and availability.

POLYCARBONATE PROFILES

Join Coverlite® structured sheets with a complete line of polycarbonate profiles.

WARRANTY

Coverlite® carries a full non-prorated warranty against yellowing and breakage caused by hail, for 10 years.

Call today for complete product information and for a distributor in your area!
